

Presents:
**"The Loxahatchee
Canoe and Kayak Adventure"**

Venture into the pristine, subtropical realm of one of the world's most beautiful and unspoiled waterways: Florida's first federally designated "Wild and Scenic River," the Loxahatchee. Its narrow winding channels are canopied for much of our route by majestic cypress trees offering the traveler a challenging and fascinating experience.

Let our knowledgeable guides help you discover the extraordinary history of a place once known only to coastal Indians and lonely pioneers. Unlike many other rivers that have been forced into channels by development, this river remains virtually unchanged. Paddle this reminder of Old Florida

and explore flora, fauna and history unique to these meandering shorelines.
